

Notes for Contributors

Content

The Wadden Sea Newsletter is a trilateral periodical to inform scientific-, nature management- and policy-making institutions in Denmark, the Federal Republic of Germany and The Netherlands about research projects, their results, management measures and topical news in the Wadden Sea area.

Length and Structure

"Main theme" articles should be about 2000 words (3 printed pages). Short contributions up to 1000 words and brief notes (about 300 word) are also welcomed for "Topical Items" and "Book Notes". The "main theme" articles should include an abstract of 8-10 lines in easy English. The body of the article should be organized in sections with headings. Only a few recent references should be added to the contributions.

Authors are advised to consult this issue of the Newsletter and follow the conventions for section headings, tables, captions, references, quotation marks and abbreviations.

Language

The Wadden Sea Newsletter is published in English.

Format

A hard copy of text text, tables and figures and an electronic copy of the manuscript in WORD or WordPerfect format should be submitted, either as a file attached to an e-mail (preferred) or on a diskette.

Photos, Figures, Illustrations

Photos, figures and illustrations with useful captions and legends are welcome and should be included wherever possible. They should be as large as possible, clear and in black and white.

Please, send your article to the
